## CHELSEA HARBOR / DOWNTOWN NORWICH Mobility Study

Scan for  
survey

### Why a Mobility Study?

- To develop **alternatives** to the current traffic configuration and flows
- To improve **access and safety** for bicyclists, pedestrians, drivers, transit users
- To **expand recreational use** of the waterfront area and boating access
- To foster **additional economic activity** in the downtown

### What will be done?

- Collect data on existing conditions (traffic counts, signals, infrastructure, etc.)
  - Get feedback from public, City staff, CTDOT
  - Develop possible alternatives for implementation

### Where is the study taking place?

- Downtown Norwich:  
Route 2, Route 82, Route 32, and Route 12; Chelsea Harbor

### When is the study being done?

- Summer 2023-Summer 2024
